Around
the Square

Even a 'want-ad' may be refreshing, we think the following a masterpiece. Sent in for the 'work wanted' column. "Position as companion, lovely kitten, will do a little light mouse work."

From the column of H. C. L. Jackson, Detroit News, IT CERTAINLY WAS A VITAL QUESTION

The Tomboy Matron relays the report of "Aunt L." about an incident in the day of an Episcopalian bishop who traveled several hundred miles to perform a wedding ceremony in a gracious, spacious home in the deep South.

He arrived quite early in the morning, with the ceremony to be held at 4 p. m., and as he unpacked, he was distraught to see how wrinkled was his white vestment.

This condition he carried to his hostess, also mother of the bride, and also up to her eyebrows, at the moment, in last-minute arrangements, not only for the wedding itself, but for a big pre-wedding luncheon to be held, as was the wedding, in that great white-porcelain home.

"Oh," said the hostess. "Don't worry, Bishop, I'll turn it over to Dinah. She'll fix it up for you by wedding time."

The Bishop gave the Hostess the vestment, and the Hostess gave it to Dinah, impressing on her the importance of having it ready before the appointed hour. The Hostess wound up with:

"Now Dinah, fix it up fine, because it is the Bishop, you know."

We can see that Dinah took her responsibility seriously because, right in the middle of that pre-wedding luncheon, the swing door between kitchen and dining room opened just far enough for Dinah's turbaned head to come through.

"Miz Charles," she boomed at the hostess in a voice that stopped all conversation. "Miz Charles," Dinah asked, "does the arch-angel want his shimmy STARCHED?"

Again we are sorry—but it is the policy of the News not to use unsigned contributions. The name may be omitted in the publication but unsigned articles, many times unfortunately so, can not be used.

In the shade of the old pepper tree, Where I waited for the bus, holy gee! The streets are now bare, There are no peppers there; Just hot, empty space you can see.

—Al E. Morgan.

Chamber of
Commerce on
Summer Plan

The Board of Directors meeting of the Chamber of Commerce Friday evening found eight men on hand ready to conduct the business. Lack of the necessary quorum had postponed the monthly meetings scheduled for June 4th and July 2nd, the last regular Board meeting being held on May 7th.

After president Al Wetherbee called the meeting to order, it was decided to put the Chamber on a "stand-by" basis for the summer months. The next board meeting will be announced.

Mrs. Edna Hewitt, secretary will attend to the necessary correspondence and will maintain no regular office hours for the present at the city hall office.

Present at the meeting were President Al Wetherbee and Directors Henry Nelson, Emile Smith, Dr. D'Arcy, Frank Spencer, Al Morgan, Peter Ward, and Robert Green.

DE LA TORRE
OFFERS PLAN
FOR DEPOT

This week a prominent builder of Sierra Madre offers a plan for the PE area. Manuel de La Torre presents a drawing for the approval of Sierra Madreans and outlines his reasoning in the following paragraphs:

In regard to the PE Station Project, I propose the following:

Save the Pepper Tree. Reverently dismantle the old PE Station building, cut it up in small pieces and sell it (or give it away) to Sierra Madre citizens who want to cling to the old.

Forget the Art Gallery. Forget the parking lot suggestion. It is not practical and the plot is too small. The existing slope will be somewhat increased by lowering of Sierra Madre Blvd.

The 12 or so cars that are supposed to be accommodated will not make too much gain for the merchants. The solution for the Merchants' constant cry for more business will not be solved. Their answers is as old as our great country. A better

Fr. Scheibel
Assigned to
Sacramento

Fr. Leo Scheibel, C. P., officially completes his service for St. Rita's parish August first.

FR. LEO SCHEIBEL

having cared for the community parish for nearly ten years. He took over the parish duties in 1941.

Unofficially Fr. Leo will be in Sierra Madre until the middle of August when his successor, Fr. Thomas O'Malley of the Los Angeles diocese takes over.

It has been Fr. Leo's privilege to guide and watch St. Rita's growth. Through his foresight and energy, after the church building fund was cleared, the large lot on the west side of Baldwin between Olive and Alegria was purchased for church development. The school equipment and grounds have continually been improved.

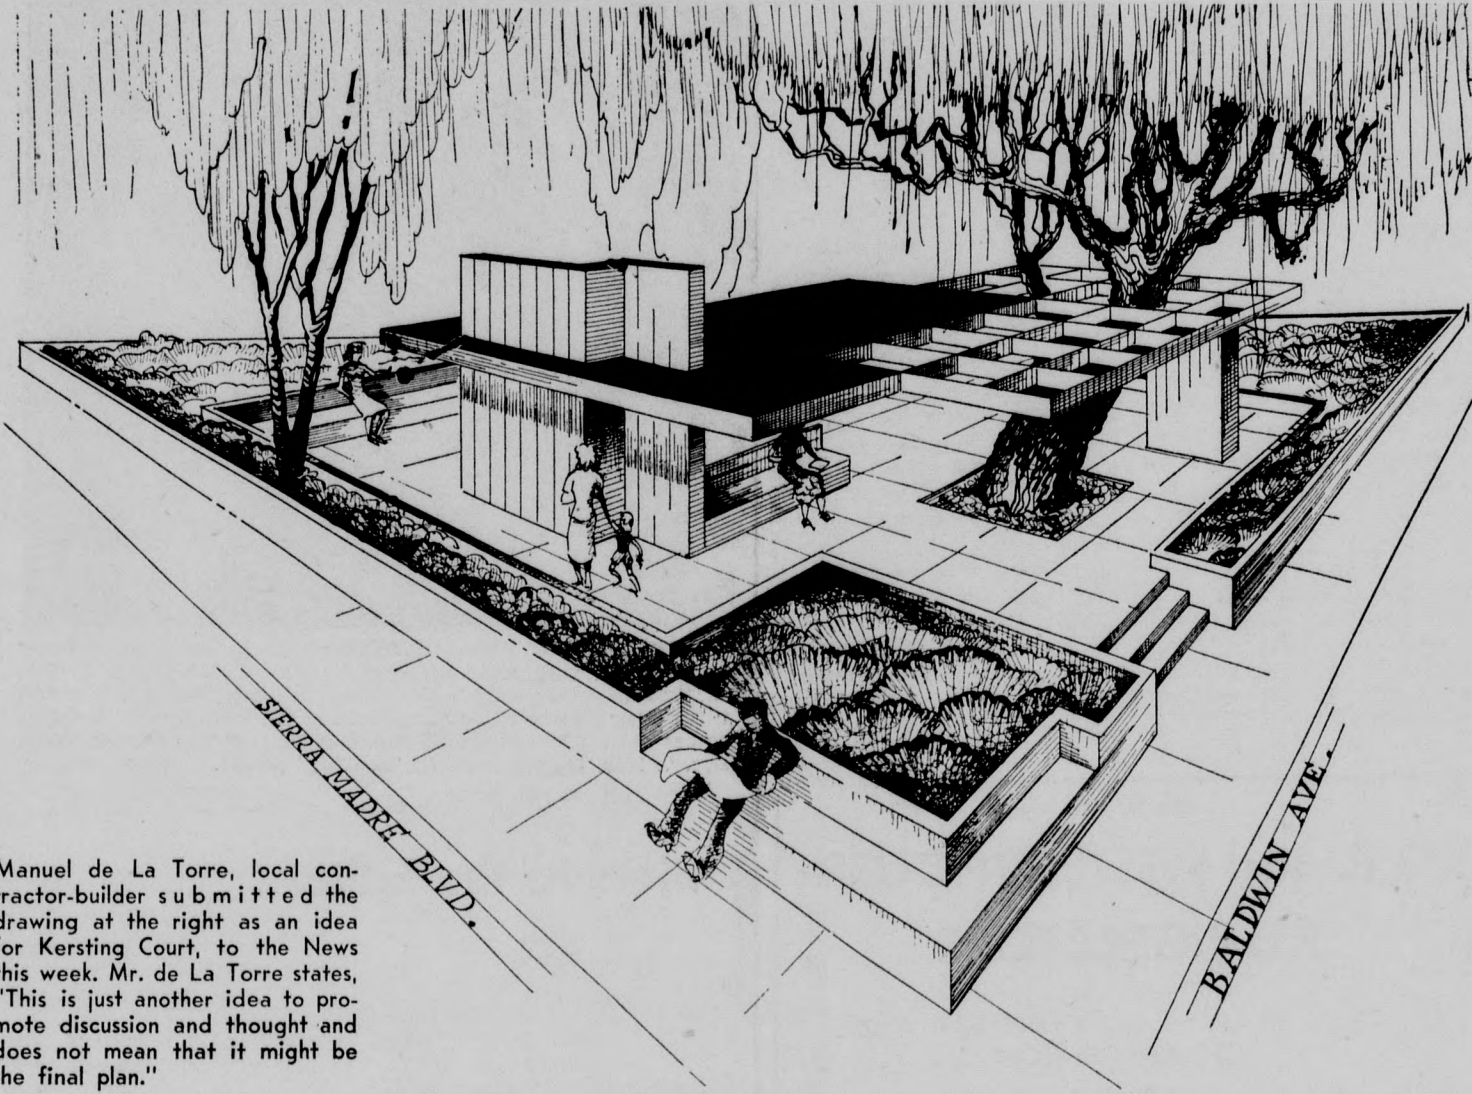

Since the Passionist Order of which Fr. Scheibel is a member, came to St. Rita's in 1923, 564 baptisms have been made and of this number Fr.

Street Repair
Completion
In Sight

The reconstruction of Baldwin and Sierra Madre Boulevards is expected to be entirely completed by Labor Day, September 3. Gene Holabird, construction foreman for Warren Southwest, Inc., contractors for the project, told the NEWS yesterday.

"However," he added, "we hope to have everything virtually completed within thirty days. We are doing everything we can to expedite the work since we fully realize the inconvenience it is causing our merchants and townspeople."

Manuel de La Torre, local contractor-builder submitted the drawing at the right as an idea for Kersting Court, to the News this week. Mr. de La Torre states, "This is just another idea to promote discussion and thought and does not mean that it might be the final plan."

PROPOSED SCHOOL BUDGET
GETS HEARING WED. EVENING

Wistaria Vine to Be Scene of Fall Fashion Show

Although it is vacation time for most people the Sierra Madre Civic Club is busy completing plans for the first fall activity, a Fall Fashion Show.

The event will be staged at the Wistaria Vine, September 20th. The novel fall cottons will be featured by Winifred's of Arcadia and Mrs. Robert Bettencourt will officiate as commentator. Refreshments will be served under the great vine.

Well Known Sierra Madrean Passes Away Suddenly

A familiar personage of Sierra Madre passed away suddenly last Saturday in a Los Angeles Hospital, Stanley Arthur Ballou. Mr. Ballou often seen strolling with his dog in the west part of the city was known to many as Billy. He resided at 28 N. Lima with his wife, Mrs. Caroline Ballou, by whom he is survived.

He was born February 2, 1881, in Colorado Springs and has been a resident of California since 1914 and of Sierra Madre 13 years. Surviving are step-children, Fred W. Muller and Dorothy J. Kidder of Long Beach.

The funeral was Tuesday at the Grant Chapel, Rev. Henry W. Schmidt of the First Lutheran church officiated.

Interment was at Mountain View Cemetery.

L. A. COUNTY
FAIR NEARS
READINESS

Although the Los Angeles County Fair at Pomona is six weeks in the future, September 14-30, the grounds already have an animated look. Fifteen thousand gallons of paint in brilliant shades have been applied, a million zinnia plants are being trained to be at the height of bloom for the fair.

Twenty-seven acres of paved parking space has been added to the parking lot making it the largest in the west, capable of accommodating 40,000 autos. Miles of underground cables have been added to eliminate all unsightly poles and greatly increase illumination.

The Fair now has 200 buildings, more than 80 acres of floor space. The theme for 1951 will be "America the Bountiful" considered especially timely from a patriotic standpoint.

Sierra Madre's proposed school budget for the coming year will be presented for public scrutiny and discussion at a meeting of the school board next Wednesday evening in the school building.

Copies of the preliminary budget, drawn by Supt. Charles A. Skutt, disclose that education—like meat and potatoes—is going to cost more. However, unlike the family table, there'll be more educational food and, what's important, the money to defray the increased costs is virtually in the till. It'll come as always, from the taxpayers—you and you and you.

Pet Show Day
Tomorrow at
Play Grounds

One of the most popular events of the Summer Recreation plan in Sierra Madre will be the Pet Show tomorrow afternoon at the school playgrounds. The pets are to be groomed and ready to exhibit at 1:30.

John E. Oden, recreation manager announces awards will be made for the largest pet, the smallest pet, the funniest, the one able to do the most tricks, the best trained pet and other awards.

Red Cross
Swim Courses
Start Soon

According to executive secretary, Florence Peterson, the first session of summer instruction in swimming sponsored by American Red Cross will end this Friday.

There will be another session however, starting August 14 at the Canyon Pool. Instruction will be given from 9 to 12 a. m. Tuesdays through Fridays for four weeks to September 12. Instruction will be given to non swimmers, beginners, intermediate and advanced swimmers. There will also be Junior and Senior Life Saving courses.

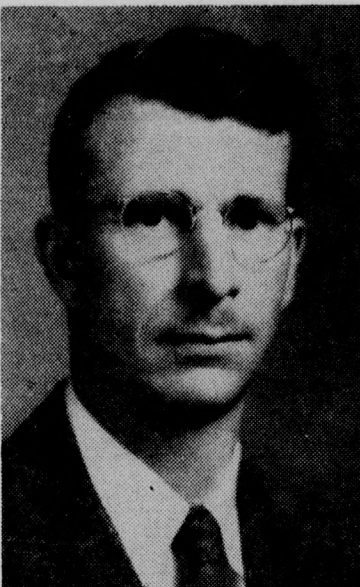

STILL ANOTHER DEPOT IDEA

They asked me what I thought should be done to Kersting Court . . . I think they should level it off from the corner of Baldwin and Sierra Madre Blvd. back to the News Office. Besides leaving a nice flat space for some of the women who back out of Roberts Market to turn around in, there would be an 18-foot curb upon which hitching rings could be placed for Bonebrake's 15-foot horses. As long as the curb was that high we could dig in and build more buildings (under Rikemans', Sam's Drugs and the News Stand) such as a few wine cellars and possibly a torture chamber for those who opposed the Pioneers. And if they never get around to paving the space someone could open up a restaurant where you could eat dirt, cheap . . . The dish washer could raise earth babies on the side in place of fishing worms. . . As long as we're going underground we could have an underground horse drawn Super-Chief running out to the West Side. We could call it the Robertson Special . . . It could be equipped with old square street car wheels for the nostalgic, who still remember the P. E. . . Now getting back to the old depot. Some unscrupulous cad would take it over and set up a lucrative business in peddling sen-sen on the sly . . . You know there is always someone who will spoil a good thing.

—Joe Hinojos.

It's Like
That In
'Our Town'

"Bu-but, I didn't order a sewing machine!" stammered Mrs. Millie Saubrey, Thursday afternoon, as a salesman unloaded the machine and carried it to her door.

"Is this 434 E. Highland?" asked the salesman. "Are you Mrs. Saubrey?"

Getting affirmative nods to both these questions, the salesman proceeded with his installation. "This is the place," he announced firmly.

"I know only one person in the world who would be presenting me with such a gift," Mrs. Saubrey managed finally.

Her hunch was correct. The donor was Stanley E. Decker, former owner of the Wistaria Bake Shop, whose wife passed away only three weeks ago.

It seems that, shortly before Mrs. Decker's death, the couple had discussed "getting a little something" for Mrs. Saubrey's new home.

The "little something" turned out to be the sewing machine received by a dumfounded Mrs. Saubrey Thursday.

Merchants Form
As an AssociationOfficers Elected at Breakfast;
Solution of PE Area Outlined

At the breakfast held yesterday morning by the local merchants, at the Pal-Mur Cafe, the 38 present decided to organize as a permanent group to promote business in Sierra Madre and to have the organization known as the Sierra Madre Businessmen's Association.

After the formal adoption of the new name, Chairman Pro Tem Harold Stein, conducted the election of officers. Mr. Stein was unanimously elected President. Other officers elected were Peter Ward, vice-president, and J. C. McKibben, of Howard's Furniture, secretary.

Speaking for the Dollar Day Committee, Don Jackson outlined plans and offered merchandising suggestions for the coming event. He stated that the committee hopes to make Dollar Days the largest merchandising effort yet held in this city by the merchants.

A discussion of the progress towards solution of the PE station question was led by President Harold Stein. Manuel de la Torre, local contractor-builder, answered questions regarding the PE project.

The Association made certain recommendations regarding the depot area as follows: First, stress downtown beauty rather than parking space, parking being a special problem which cannot be solved by adding a few additional spaces on Kersting Court. Next, keep the pepper trees intact. In addition, it was suggested that the City Council adopt the existing landscape plan consisting of walls, walks, and planting as already submitted by Jacques Hahn, prominent local landscape architect. Also, if

Goal of Local Red Cross for
Kansas Flood Set at \$500

After making a trip over the Kansas flood area President Harry S. Truman asked the National Red Cross to meet an emergency.

In writing to Mr. Harriman, president of American Red Cross, President Truman opened his letter thus: Early yesterday I returned from a survey flight over the flood stricken areas of Kansas, Missouri and Oklahoma, I was appalled at what I saw. The extent and violence of the destruction to homes, farms and industries was tragic.

All Americans are called upon to contribute as generously as possible. At least \$5,000,000 will be expected through Red Cross Chapters. The number of persons being fed by Red Cross is 42,700, families asking assistance number, 45,900.

R. C. Lewis, chairman of the Sierra Madre Chapter and executive secretary Florence Peterson suggest that Sierra Madreans contribute \$500 toward the distress. Mr. Lewis says there will be no solicitations made, the funds will be a free offering. Checks and money may be left at the Bank of Sierra Madre or at the Chapter House, 41 S. Baldwin.

Kersting Planners
Discuss Depot Fate

At an informal discussion held Monday evening at the residence of Jacques Hahn, landscape architect, an attempt was made to crystallize the thinking on the PE depot question. Present were Manuel de la Torre, contractor, Jacques Hahn, Ralph "Pappy" Welch, Don Jackson, Harold F. Roberts, Harold Stein, Mac A. Cason, architect and Peter Ward.

Mr. de la Torre explained to the group that to remodel the present PE depot would necessitate a new floor, complete new roof, new ceiling joists, replastered ceiling, a new electrical system and repainting the entire structure. Mr. de la Torre estimated that it would probably cost about as much to remodel the depot as to erect a new structure.

It was the expressed opinion of those present that the original idea of an art gallery was not practical at this time due to the few paintings that could be exhibited and the possibility that a custodian would have to be hired.

As to Mr. A. L. Suman's recent proposal, the consensus was that it might be too expensive both from the standpoint of original cost and later maintenance as well as having the questionable feature of abolishing the pepper trees. With

SIERRA MADRE LIBRARY REGISTERS PATRONAGE GAIN

Minier Rites Held Monday at the Grant Chapel

Mrs. May Crepin Minier passed away Saturday at the home of her son, Chas. C. Minier Jr. of 420 N. Sunnyside. Mrs. Minier, wife of the late Chester M. Minier, a patent attorney of Los Angeles has lived in Sierra Madre three years.

Born in Bozeman, Montana, 1877, Mrs. Minier was the daughter of Henri N. Crepin, a pioneer physician of Los Angeles. Mrs. Minier leaves three daughters, Mrs. A. L. Suman of this city and Mrs. Robert Gilbert and Mrs. Earl Zook of Temple City.

Services were at the Grant Chapel Monday at 11:00 a. m. Rev. Bert Crist of the San Marino Congregational Church officiating.

GAUTEMALA VACATION

Mrs. Rebecca Colligan with her aunt, Mrs. Anita A. Otero of Pasadena are leaving tomorrow, flying to Mexico and Guatemala for a month.

Miss Martha Pritchard, a librarian of Eastern experience, calls attention this week that we are observing the 75th Anniversary of the American Library Association of which the Sierra Madre Library has an institutional membership. The first meeting was held in July 1876 in Philadelphia with 103 persons present.

Miss Louella Moore, librarian of the local library offers some interesting facts in connection with the home library work. She said last year (July 1, 1950, to June 30, 1951), the local library had loaned 55,472 books. Of this number 15,879 were borrowed by juveniles. The library has over 3,000 regular borrowers and this means that one card may serve for several in a family.

The library not only provides books but in the local reading rooms will be found 92 periodicals and six newspapers.

Miss Moore remarked that the number of library customers was increasing rapidly, one day recently, 12 new people took out cards.

BRADLEY STAR IN BRIBE PROBE

STARTLING NEW DEVELOPMENT occurs in basketball bribery investigation with announcement by state's attorney in Peoria, Ill. that Gene ("Squeaky") Melchiorre, (above) Bradley U. star and three other players made admissions in connection with throwing games against Washington State, Dec. 31, 1949 and Oregon State, Dec. 7, 1950. Games involved "shaving" points. (International)

Letters to the Editor . . .

The Editor,
Sierra Madre News.

Dear Sir:

Concerning the Suman proposal:

We have recently been visited by relatives from Oakland. My wife's brother-in-law, a much travelled mining engineer, was discussing Sierra Madre.

"This is the only spot I've seen in Southern California," he said, "that might entice me away from the Bay Area."

I asked him what had most attracted him.

"It's the old-fashioned atmosphere of the business section. It gives the place charm and distinction. I hope you people here will keep it that way."

Very sincerely,
Paul Bowerman.

Editor, Sierra Madre News.

Gentlemen:

On behalf of the VFW Ladies Auxiliary to Post 3208, I wish to offer our sincere thanks for the splendid write up in your newspaper on Poppy Days. Your cooperation is surely appreciated.

Yours truly,
VFW Ladies Auxiliary,
Doris Tomassacci, Secy.

Editor, Sierra Madre News:

May I inject my ten cents worth into the Kersting Court debate?

What is so picturesque or sacred about that minor architectural monstrosity, the old PE station? If preserved it will just constitute a temptation to bad little boys to write bad little words on its walls. As time goes it is not old enough to hold much tradition. When I first saw Sierra Madre there was a much more picturesque school house on that corner and no one, as far as I can recall, felt it sacrilege when it was torn down.

On the other hand, if this is to be made into a parking place for the benefit of the surrounding businesses, let the merchants who are so hot for that idea pay for such a development instead of straddling the expense on the entire town.

The best suggestion I have seen is from Janet S. Wood, to make this a green little park in the middle of the city, with a bus passenger shelter in the extreme southeast corner. Such a restful attractive plaza in the heart of town would lend the air of individuality which Sierra Madre professes to crave.

Robert O. Foote,
807 Skyland Dr., Sierra Madre

Alhambra Shower For C. D. Leglenn's Bride-to-be

Mrs. J. E. Leguin attended a bridal shower given by her daughter, Mrs. J. C. Stratton of Alhambra, for her son's bride-to-be, Frances Mattson, last Saturday. Clifford D. LeGuin and Miss Mattson will be married August 17th at the Maringo Methodist Church in Alhambra.

SPENDS AUGUST IN DURHAM, NORTH CAROLINA

Will Fuller, III, son of Mrs. Paul Sheldon, 124 S. Hermosa, will be flying tomorrow to Linville and Durham, N. C., to visit his father, Frank L. Fuller, Jr., for the month of August.

Star Admits Guilt

THROWING self on mercy of court, Accordion Maestro Dick Contino changes plea to guilty as trial starts in San Francisco on charges of not reporting for Army induction. (International)

ATHLETES FOOT GERM

Local Dentist at Camp Roberts for Dental Clinic

Capt. Julius E. Hammerschmidt of 662 Skyland Dr., is home after a two-week, on-the-job dental clinic at Camp Roberts. He is a dentist with the Medical Section of the 6215 Organized Reserve Area Service Unit.

Capt. Hammerschmidt served two years in the Pacific during the last war.

Local men Promoted

SENDAL, JAPAN—Six Sierra Madre soldiers, currently serving with the 40th Infantry Division, 223rd Regiment in Japan, were promoted today.

Walter H. Biely, 414 Mariposa Ave., was promoted to sergeant first class. Elevated to sergeants were Joseph E. LuVisi, 734 Skyland Drive; Robert L. Allen, 610 Hollytrail, Randall G. Perry, 541 W. Laurel Ave., and Joe E. Vernon, 67 Windsor Lane. John P. Canaday was promoted to corporal.

As members of the former Southern California National Guard Division, they are part of a security force for Japan's main island of Honshu.

The 40th, first Guard division to be sent overseas since World War II, is currently undergoing a rigorous advanced training.

VACATIONS AT THE POST OFFICE

Postmaster and Mrs. Eddie Robertson of N. Sunnyside are spending a three-week vacation near Proctor, Montana. Fishing will be the order of the day with the Robertsons.

As soon as they return Mr. Embree of the office staff, with Mrs. Embree will go to New Mexico for his vacation.

VACATIONING AT ALUMNI CAMP

Mrs. R. Frederic Hawley of 313 Sycamore Place is spending the week at the Lair of the Golden Bear in Pinerest. This is the summer camp of the California Alumni Association of the University of California, 165 miles west of Berkeley and a mile up in the Sierras. Guests sleep in tents and eat in the out-door dining hall.

HOW TO MAKE \$100

Mike Dewey of 250 W. Highland ran the following for sale adv. in the NEWS:
BABY SKUNKS (deodorized) — Make fine pets, \$25. Call Mike Dewey, CU, 5-1167. E-6-28.
The result was very good. He sold four skunks for \$25 each—a total of \$100 for 45c.

Trial in Progress

SOUTHERN TRIP

Mrs. Thomas Wynne of East Laurel recently departed for Louisiana with her daughter to spend the summer with her parents.

Local Couple Return to Northern Vacation Land

Home from an outdoor vacation at Truckee are Mr. and Mrs. Stanley Fish of East Montecito. They made the 500-mile trip in a one day drive. Meeting friends of the family at the 'Old Mine', they fished in the high elevation lakes. Pictures which they took while there show considerable snow still on the rugged terrain which is 8 to 9 thousand feet elevation.

They had special permission to be in the area as the mine is the location where Mrs. Fish's father, James Hawks arrived when he came west in 1900 as an assayer. The lake at the mine is named Hawk Lake. This is the third vacation the couple has spent at Truckee.

Local Woman Appeals to Save Big Trees

Mrs. Virginia Lund of this city calls attention to the conservation of the Big Trees. She feels not only saving the big trees but soil erosion is a vital problem to California.

The Big Trees, scientifically known as the Sequoia gigantea, is also called Sierra Redwood, for it is very different from the Coast Redwood, or Sequoia sempervirens.

The Big Tree exists only in California along the Western slope of the Sierra Nevada at elevations from 4500 to 8000 feet. It is known as the oldest and largest living thing on earth. Trees now standing are estimated to be 4000 years old. Save the Redwood League has on hand \$250,000 to use if matched by other money, again the state will match the whole, so if an individual contributed \$1, it will mean \$4 toward saving a forest that is rapidly being depleted.

The Calaveras Grove Association, of Stockton, Calif., is acting as a coordinator in the project and any contribution may be sent to them in care of Drawer 1808 (231 E. Weber Ave.).

NEW YORK GUESTS

Mr. and Mrs. Michael J. Kernan of Trenton, N. Y., are guests at Miss Vannier's House in the Orange Grove. They have a daughter in California and hope to stay in Sierra Madre considerable time.

New Novel Tells How a One-Parent Home Can be Fun

"We Kept Mother Single," by Eleanor Kamb

BY ISABEL STRADLEY

This is the story of one of the most delightful real-life families yet to appear in a book. Do you by chance look upon children of broken homes as the great underprivileged class? Then this is your book. You will have a hilarious awakening, for the Kamb family is an enchanting example of how much fun a one-parent family can have.

Father was a writer. He had to have peace and quiet. He just couldn't stand family life—not this family life anyway. So suddenly mother, the twin boys, and their young sister, Bobo, found themselves all on their own. They had no money, but plenty of energy and imagination. They also had a true philosophy, imparted by mother. It was not the hypocritical cant which only talks, dramatizing self, never living up to its lofty words—but real spiritual understanding. It guided them with a kind of bright wisdom, and high courage.

Mother was extremely attractive and intelligent. So, too, were the children. Mother was forever meeting charming, fascinating suitors who came off to put a fly in the ointment in San Francisco. It was a dilapidated place, and they came to re-build, to fix the plumbing, the garden, and the whatever, while they courted mother. But they never lasted very long. The children mangled it out a fly in the ointment in record time!

For in the Kamb household one expected anything to happen, and it always did, furiously! So in the end, all the beaux departed, one by one, to marry someone else. Of them all, Tom O'Mara was perhaps the ideal man for mother. He was not only quite mad about mother—he adored the children, too!

This was most difficult to find! Tom was a lawyer who lived in Hawaii. A nice combination mother always said, "of practicality and lotus petals." But on his last visit from the Islands, the children, awfully intense on some project of their own, ignored him; this hurt him very much; he thought they didn't like him anymore. But they were terribly busy. It was a great secret—even mother didn't know. They were getting ready for some super theatricals, making costumes, practicing speeches. Poor Tom, he had arrived at the wrong time! Then the next day after his visit came the surprise attack on Pearl Harbor. He wrote mother for a time from far places, and she did write and explain later about the theatricals. But it had lost its importance somehow. They never saw Tom again.

So they kept mother single! But mother didn't seem to mind. She always spoke of her many beaux as old dears—that is, for somebody else!

Patronize your advertisers, and help them build a good community.

promotional ability. He must have worked hard to arrange for such a faultless dinner and testimonial affair. We'll be calling him our guardian angel. Many nice words also have been said about Mayor Kinney, who always seems to find time for such occasions.

Few people take the trouble to inquire into the cost of the operation of the fire department. Some will be surprised that it costs so much, while those who consider expense, will realize the smallness.

It would appear at times as though the running of a city would be different from another organization where labor, production, and similar operations are concerned.

It is mighty easy to pass judgment when you are in the driver's seat. Every citizen is in the seat when it comes to city work and the employees. Are you just with your criticism? If you were an employee, would you do a better job than that fellow you saw lean on the shovel as you passed. Have you ever used a shovel for eight or more hours in a day? Try it. Would you like to do such a job? No.

Someone must do it. There are many jobs a lot easier which demand more respect and bring more money. Did you ever consider the times when city employees are called out to remedy an emergency break down? Don't be unjust.

The recent real warm weather MUST be a reminder of the danger of fire. Only a few days of such weather and there is no more life in those early weeds. A small spark will start the growth into a flame. You need not be told what the flames can do.

Cadillac Stamp Goes On Sale

A. H. Embree of the Sierra Madre Post Office announces the latest commemorative stamp to go on sale will be the Cadillac stamp. It went on sale in Detroit, Michigan, July 24 and locally the 25th. It will commemorate the landing of Antonio de la Mothe Cadillac 250 years ago on the land which is Detroit today.

(Editorial comment): We are able to explain to Mr. Embree that the stamp had a special significance to the Ward family inasmuch as the landing of Antonio de la Mothe Cadillac 250 years ago on the land which is Detroit today. He very near the location of our home on the East side of the Island, a large island in the Detroit River. Cadillac decided that the main land on either side was too great a hazard and settled up the river 20 miles to a place where the banks made an abrupt rise from the river, Detroit.

SCHOOL HIRES TWO TEACHERS

Two new teachers were offered contracts by the Sierra Madre City School Board of Trustees last week.

The teachers—Mrs. Ruth Sauter and Mrs. Jean Lumsdon—will replace the two retiring teachers, Mrs. Zayda Leonard and Mrs. Mable Coupe. Both women were with City School last year. Mrs. Sauter as part-time kindergarten and part-time substitute teacher, and Mrs. Lumsdon as a substitute.

Ohio-Californians Plan Musical for Mid-Summer Picnic

The president of the "Buckeyes," J. R. Larimore, has announced the all-day reunion for Ohio people and their friends will take place Sunday, August 5, at Sycamore Grove Park, Los Angeles. The slogan for the mid-Summer picnic is "The more we get together the happier we'll be."

The Queen Anne Playground Boys' band of 45 pieces will appear on the musical program.

 Entered as second class matter at the Post Office at Sierra Madre, California, under the Act of March 3, 1897.

AN EDITORIAL...

The muddled mess of Sierra Madre's garbage collection problem was no nearer to solution this week, despite the earnest efforts of Mayor William Kinney and the emotion-laden appearance of Mrs. Martha Matoian, garbage-collection contractor, before the City Council at its Tuesday evening meeting.

It is still a case of two parties to a contract being in complete agreement that the money the employer is paying is not enough for the employee to get by on, with the hands of each being tied insofar as doing anything about changing the contract to provide an increase in pay.

Mrs. Matoian now receives 22 cents of the dollar monthly charge which the city levies against each water user, the remaining 78 cents is paid to the other private contractor who removes combustible rubbish. Both contracts were let after bids to provide the collection services had been advertised for, and both were the lowest bids. Mrs. Matoian since has received a four cents per meter user increase over her original figure, under contract terms providing for upward revision in return for increased services. She now asks for an additional six cents.

It was the opinion of the council that it would be impossible for Mrs. Matoian to provide additional service—her trucks are now operating six days a week, she asserts—hence it is impossible to increase her rate of pay.

It was suggested by Councilman Noren Eaton that Mrs. Matoian sell her three-year contract to the contractor who now handles the combustible rubbish. The latter has offered to buy it, Mr. Eaton declared, and to provide the city with a combined service for the same amount—\$1 per month per meter—now being charged for the separate services. Mrs. Matoian rejected the suggestion, on the grounds that it would entail severe financial loss on her part. Her original investment for trucks would be wiped out, she said.

It was suggested by a spectator in the audience that the garbage collection contract be abrogated and that a system such as that in operation in Arcadia be substituted. A private contractor there pays \$1500 to the city for the exclusive right to make garbage collections and bill each householder 75 cents per month for the service. Garbage and cans are collected twice weekly by the Arcadia contractor. There is no public rubbish collection....

This suggestion had but slight reception when City Attorney Guy Cornyn pointed out that the contract could not be voided without Mrs. Matoian's permission. This she would not grant, she stated.

So, the situation boils down to this. Many Sierra Madreans are dissatisfied with their garbage collection service; the council is dissatisfied with the fuss and furors that the dissatisfaction creates; Mrs. Matoian is unhappy because she is losing money, although steadfastly asserting that she is collecting all garbage put out for collection at the proper time. ("I even go back for it, if the people call the City Hall, although my contract doesn't say I have to.")

Let's put our heads to work to help the Council figure it out.

LOCAL YOUTH WILL ATTEND EASTERN SCHOOL

John Mason Will return to Rochester with his grandmother, Mrs. LeRoy VanDusen, in time for school where he will attend junior high. Mrs. VanDusen is spending a month with her daughter, Mrs. Harold Johnson of 658 Orange Drive. This is Mrs. VanDusen's first trip to California and she says "It's wonderful."

OHIO-CALIFORNIAS LAGUNA FESTIVAL OPENED SATURDAY

The Laguna Beach Art Festival and Pageant of the Masters opened Saturday and will be concluded August 5. The annual event is climaxed nightly by life-sized living tableaux, with authentically costumed models posing in huge gilt frames to reproduce the Great Masters of art.

SCHOOL BUDGET

From Page One

costs, but for "capital outlay." The latter means making up the difference between estimated and actual cost of constructing the school's new annex, equipping the classrooms and paying for modernization of classrooms in the main building.)

Only three other districts—rural—operate at Sierra Madre's low figure.

To continue receiving state aid, which this year is estimated at \$83,700, up \$3,700 over last year's grant, the school district will have to spend some \$11,000 in acquiring the Davis property on Grandview Avenue. State aid is extended under a formula which requires, among other things, that a specified amount of playground space be provided for each child. Sierra Madre fell below the minimum space requirements when a portion of the playground area was used as a site for the new building. The \$11,000 figure is included in the "capital outlay" heading of the proposed budget.

An even \$1000 of the \$1500 set aside for Community Services represents the school district's contribution to the City's recreational fund. The remaining \$500 of this item is to cover costs of providing free meeting space to such local groups as are lawfully entitled to use school buildings for public welfare.

public welfare.

One item, at least, in the "outgo" column, is expected to show a decrease. Fixed Charges are listed as \$3500, some \$438 less than last year. New classrooms eliminate the need for renting outside space, hence the decrease, Mr. Skutt explained.

As broken down in the preliminary draft, the budget, with last year's figures for comparison, is as follows:

| | 1950-51 | 1951-52 |
|---|-----------|-----------|
| Net beginning balance | \$ 14,744 | \$ 6,454 |

SCHEIBEL-ST. RITA one

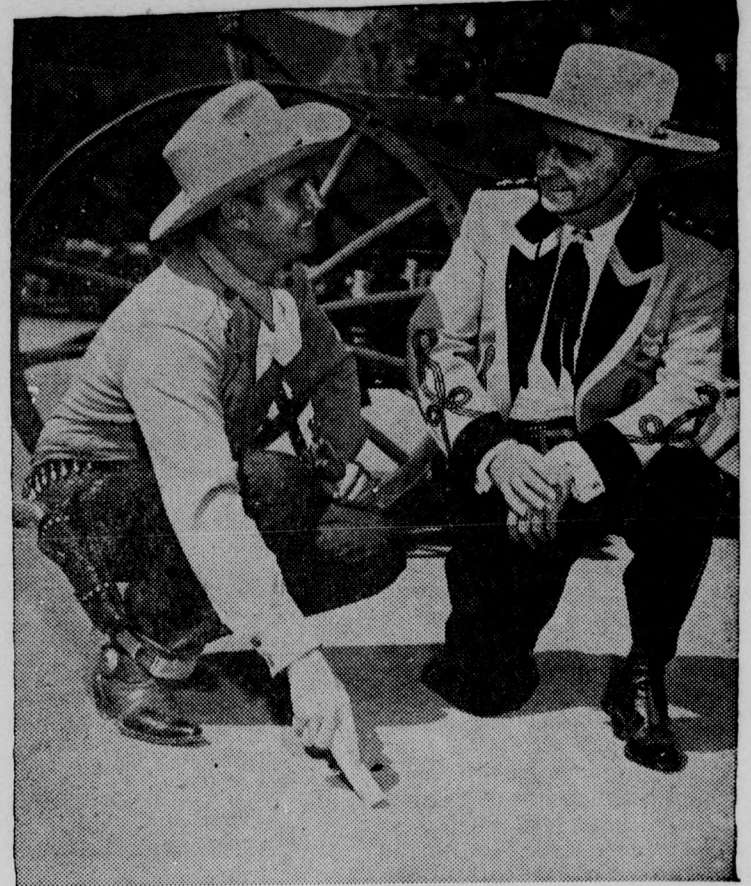

From page One
 Leo baptised 327; of the 126 marriages Fr. Leo performed 69, and he officiated at 80 of the 177 funerals. These intimate and sacred rites will weave Fr. Scheibel into the lasting and vital life of the parish.

Fr. Leo Scheibel is the 9th priest to have served St. Rita's and remained next to the longest term, that of Fr. Hyacinth was 12 years. The first priest was Fr. Peter, followed by Fr. Bennett, Fr. Hyacinth, Fr. Allan, and Fr. Augustine, preceding Fr. Leo.

When Fr. Leo Scheibel leaves the Sierra Madre Retreat House he will be assigned to the New Retreat House at Sacramento. Fr. Quentin who has assisted at St. Rita's will be sent to Clayton, Mo., to be supervisor of the New Foundation there.

Fr. Eustace Eilers formerly of Sierra Madre is to return to the Mater Dolorosa in the near future.

Saturday evening a parish potluck will be held in the Parish Hall honoring the two priests, Fr. Leo and Fr. Quentin. The dinner will be at six and the following committee will be in charge: Mmes. Woodson Jones, Peter Thill, John Woods, Irvin Podliska and Robert Orf.

Gene Autry, western star, points out in a diagram in the sand to Sheriff Eugene W. Biscailuz some of the activities he has planned for his special part as star of the big Seventh Annual Sheriffs' Rodeo to be held in the Los Angeles Coliseum, Sunday afternoon, August 26. Warner Brothers star Randolph Scott will officiate as Grand Marshal of the spectacular grand entry parade.

RESOLUTION NO. 1188

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, AWARDED CONTRACT FOR CERTAIN WORK AND IMPROVEMENT ON MONTEREY LANE, IN SAID CITY OF SIERRA MADRE.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES RESOLVE AS FOLLOWS:

SECTION 1. WHEREAS, the City Council of the City of Sierra Madre did in open session at its regular meeting on June 12, 1951, publicly open, examine and declare all sealed proposals or bids for doing certain work and improvement on Monterey Lane, in the City of Sierra Madre; that Resolution of Intention No. 1175, heretofore adopted by this Council on the 27th day of March, 1951, contains a complete description of said street work and improvement and reference is hereby made to said Resolution of Intention No. 1175 for a complete description of said work and improvement.

SECTION 2. That the grade to which the work hereinabove described shall be done and the improvement made as provided in this resolution, is shown on Profile and Improvement Plan No. 321, Sheets 1 and 2, on file in the office of the City Engineer of said City, to which Profile reference is hereby made for the description of such grade.

SECTION 3. All the foregoing work shall be done in accordance with said Profile and Improvement Plan No. 321, Sheets 1 and 2, on file in the office of the City Engineer of said City of Sierra Madre.

All work shall be in accordance with the following specifications on file in the office of the City Clerk of said City of Sierra Madre, to-wit: "Specifications for the construction of curbs, gutters, drainage structures, grading and oil macadam pavement for the improvement of Monterey Lane in Assessment District No. 2".

Said Profile and Improvement Plan No. 321, Sheets 1 and 2, and the Specifications hereinabove referred to were adopted by Resolution No. 1173 of said City Council of the City of Sierra Madre, and the same are hereby made a part of this Resolution and are hereby referred to for a more particular description of said work. All streets and avenues referred to in this Resolution are public streets and avenues of said City of Sierra Madre.

SECTION 4. That said contemplated work and improvement in the opinion of the City Council of said City of Sierra Madre, is of more than local or ordinary public benefit and said City Council hereby makes the expense of said work and improvement chargeable upon the District, which District said City Council hereby declares to be the District benefited by said work and improvement and to be assessed to pay the costs and expenses thereof, which said District is completely described in Resolution of Intention No. 1175, heretofore adopted by this Council on the 27th day of March, 1951, and to which Resolution reference is hereby made for a complete description of said District to be assessed to pay the cost and expense of said work and improvement.

SECTION 5. Said City Council also determines and declares

that Serial Bonds shall be issued to represent each assessment of Twenty-Five (\$25.00) Dollars, or more, remaining unpaid for thirty (30) days after the date of the warrant to represent the expense of said work and improvement. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the next October 15th following their date and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January of each year following the next October 15th after their date, until the whole is paid, and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year after their date at the rate of six (6%) per cent per annum on all sums unpaid until the whole of said principal and interest are paid. Said Bonds and interest thereon shall be payable at the office of the City Treasurer of the City of Sierra Madre.

SECTION 6. All of the proceedings for the aforesaid work and improvement and for the issuance of said Bonds shall be had and taken under and in accordance with the provisions of an Act of the Legislature of the State of California, known and designated as the "Improvement Act of 1911", approved April 7, 1911, and of all Acts supplementary thereto or amendatory thereof.

Reference is hereby made to Resolution of Intention No. 1175, of said City Council, declaring its intention to order said work to be done, for further particulars, which Resolution of Intention is on file in the office of the City Clerk of said City of Sierra Madre.

NOW, THEREFORE, BE IT RESOLVED, that said City Council hereby rejects all of said proposals or bids except the next herein mentioned and hereby awards the contract for doing said work and improvement to the lowest, regular, responsible bidder therefor, to-wit: To W. R. WILKINSON at the prices mentioned in his proposal on file for said work and improvement.

The City Clerk is hereby directed to publish notice of this award twice in the Sierra Madre News, a newspaper of general circulation, published and circulated in the City of Sierra Madre, and hereby designated for that purpose by said City Council.

The City Clerk shall certify to the adoption of this Resolution.

I HEREBY CERTIFY that the foregoing Resolution was adopted at a regular meeting of the City Council of the City of Sierra Madre, held on the 10th day of July, 1951, by the affirmative vote of at least three Councilmen, to-wit:

AYES: Councilmen Eaton, Korsmeier and Kinney.
 NOES: None.
 ABSENT: Councilmen Washburn and Barter.

Lawrence B. Brain, City Clerk of the City of Sierra Madre.

SIGNED AND APPROVED this 10th day of July, 1951.

W. A. Kinney, Mayor of the City of Sierra Madre.

ATTEST:
 Lawrence B. Brain, City Clerk.
 Pub. 7-19-26.

OFFICER GOTCHER RESIGNS

Resignation of Policeman Marion E. (Tex) Gotcher, to be effective Aug. 15, was accepted with regret by members of the city Council at the Tuesday evening session. Officer Gotcher, who had served the city since his discharge from Army service at the end of World War II, will be on annual leave from July 31, to Aug. 15. He and his family are moving to Wichita Falls, Tex., where he will join the family restaurant business.

On recommendation of Chief G. G. McMillan, the council voted to retain Robert W. Travis as a replacement for Mr. Gotcher, and also authorized the part-time employment of two others for the vacation period.

Board of Regents of the California Chiropractic Educational Foundation which owns and operates the Los Angeles College of Chiropractic at 920 E. Broadway in Glendale. This college is the largest chiropractic college west of Chicago and has established a new and progressive leadership during the past two years while Dr. Martin served as president.

Dr. Martin, who is a member of the National Council on Education of the National Chiropractic Association is attending the annual convention of the Association in Detroit, this week from July 21st to 29th. As one of the featured speakers, he will also address the general assembly on Thursday. Dr. Martin will return to California early in August and will open his new office in Sierra Madre on September 4th.

For the past thirteen years Dr. Martin has been director of the California Health Service in Los Angeles. He comes to Sierra Madre with a background of wide professional experience and many years of successful practice. As a member of the Chiropractic Society of Roentgenologists he brings to this community his experience in X-ray and also well equipped offices for all types of X-ray service.

"I am coming to Sierra Madre because it appeals to me as being the kind of community one can feel at home in. I expect to make my home here and desire to establish a health service which the people of this community will value and appreciate," stated Dr. Martin to a reporter for the Sierra Madre NEWS.

Paving of Brookside Requested

Residents of Brookside Lane this week queried the city as to whether they could expect the city treasury to help defer the cost of a proposed paving project for their street. The latter, although dedicated to the city as a public thoroughfare, has never been paved.

After brief study, the council directed that the inquirers be informed that the city will be glad to take over responsibility for future maintenance, but that it could not accept any responsibility for paying any part of the estimated \$460 the paving will cost.

Bridle Path Comes To City Planners

Sierra Madre was requested this week by the County Board of Supervisors to dedicate a 12-foot swathe through its property across the northern section of the city to provide a link in a proposed system of hiking and bridle paths for the Foothill area. The request was referred to the Planning Commission for consideration.

DR. MRS. MORLEY VISIT SON WHILE ON MOUNTAIN AND

Dr. and Mrs. Harry E. Morley of Ramona are home following a thrilling 4000-mile trip through several of the Rocky Mountain National Parks. The highlight of the trip was a stay with their son, Bill, who is attending summer graduate school at the University of Colorado at Boulder. While there the son received his acceptance as a student affiliate of the American Psychological Association. He expects to return to the Claremont Graduate School next fall where he is enrolled for his master's.

KERSTING PLANNERS

—From Page One
These considerations in mind, the group felt that the present depot should be moved and that a new shelter be contemplated. As to basic features, it should adapt itself to Mr. Hahn's landscape plan already submitted to the city and have a capacity from eight to possibly twenty people. There should also be provisions for a telephone and drinking fountain.

It was also suggested that the Wistaria theme of Sierra Madre be followed by having a Wistaria tree added in the plan. Also, that a committee be formed to assist an architect to draw up plans for a new shelter.

MERCHANTS FORM

From page one
possible, that the PE depot be moved intact to city property, preferably the pumping grounds and be preserved and used for youth activities.

The Association also approved the raising of a fund among the merchants to retain an architect who, with the assistance of a professional committee, would design a new shelter for the square in harmony with Mr. Hahn's landscape plan and the downtown area.

Ralph "Pappy" Welch, representative from the Lions Club, explained the machinery being established to finance either the reconstruction of the old PE depot or a new structure, whichever is decided upon. At the conclusion of the meeting, President Stein urged all business people to attend the next meeting, an 8 o'clock breakfast, Wednesday, Aug. 8.

DT LA TORRE

—From page one
product or services at a lower price.

Use of the land for a garden beauty spot and bus waiting station only. Install retaining walls to make level flower or ivy beds—install a sprinkling system for easy upkeep.

Have an open air shelter—possibly with one or two walls and roofed area for inclement weather and large open air egg-crate type roof extension to offer some shade over the many built-in benches. Shelter to include telephone booths and a couple of drinking fountains. Plant new shade trees.

Such a project would require very little maintenance. Walls and floor could be brick or concrete—roof area of steel beams and redwood—a good washing with a hose would be about the only upkeep.

—Manuel De La Torre.

Smog Control Reports Sound Encouraging Note

"Unsaturated hydrocarbons are the major uncontrolled source of smog in Los Angeles County," Air Pollution Control Director Gordon P. Larson announced in a report to the Board of Supervisors Thursday.

"All other major sources of smog have been identified and are gradually being controlled. They include dust, fumes and products of combustion, which have been decreased approximately 40% since 1948, and sulfur dioxide, which has been reduced to below the 1940 level," Larson continued.

"Unsaturated hydrocarbons which form important components of smog remain as the principal factor to be reduced. These newly found pollutants, which react in the air under the influence of sunlight to produce crop damage, contribute to eye irritation and

reduce visibility, have been identified as a result of two years of intense research.

Larson stated that public officials, civic organizations, the press and industry have been most cooperative in smog control. Industry alone, he pointed out, has spent over \$5,000,000 for control equipment in the past two years and current construction involves \$1,500,000. He indicated that devices to control all industrial sources of dust, smoke and fumes will be installed by the spring of 1952.

Lima Street Paving Before City Council

Four construction firms have offered bids on the contract to be let by the city for the repaving of Lima Street from Sierra Madre Boulevard to Grandview Avenue. As read at Tuesday night's council meeting the low bidder was the Parkway Engineering Company, with figure of \$28,377.20. Other bidders were the Warren-Southwest Company, \$28,888.15, the W. E. Hall Construction Company, \$31,707 and W. R. Wilkinson Company, \$33,220. All were referred by the Council to the city engineer for checking.

Possibility of a delay in the start of the project was indicated when Councilman Herman Barter reported that the water main, because of its type of construction, probably would have to be replaced if the street is repaved.

"Left alone, I think the main would last indefinitely," Mr. Barter said, "but it will not stand being moved. If the street is repaved it will have to be moved, because it is too near the surface."

The council then voted to advertise for bids on the laying of a new main and/or providing pipe to be laid by the city's own crews. Whatever course is taken will require new lateral meter connections, Mr. Barter said, and this work will be performed by the city's own crews.

Flood and Fire Seen From Local Interest

The Kansas City Flood was brought home to Sierra Madre this week by circumstances which came to the attention of the News office. Mrs. Percy Kortkamp told us she had just completed a phone call to her son's family in New York City. She was very worried inasmuch as her son, Glenn Burris is singing for the summer season with the Kansas City Light Opera Co.

Mr. Burris' family was about to join him in Kansas City but he advised them to postpone their trip. Mr. Burris said it poured and poured. The show 'went on' at all times except the opening night a cyclonic storm held up the opening for some time.

LITTLE KING NEPTUNE—that's 2-year-old Bobby Haugan cooling off at beautiful Huntington Beach State Park during these sweltering days. Like thousands of others, Bobby finds State Park a wonderful spot with its ample parking, clean rest rooms, sanitized sand and tasty food when refreshing ocean breezes call.

DRAFTING SERVICE IN DEMAND

The old saying, "It pays to advertise," was concurred by D. A. Brinton who has a Drafting Service at 810 South Santa Anita Ave., Arcadia. His advertisement ran for the first time in the NEWS last week and the very next day he had a customer from Sierra Madre.

THE JOHNSONS RETURN HERE TO LIVE

Mr. and Mrs. Don J. Johnson who moved several years ago to Huntington Park have returned to Sierra Madre to live at 191 E. Laurel. Mr. Johnson is with Westinghouse in Vernon. They said it is worth the 50-mile drive to be back in Sierra Madre.

RETURN TO CITY RENEW FRIENDSHIPS

Mr. and Mrs. Clayton D. Ross and daughters, Cindy and Sheila who moved last fall from 322 W. Grandview to Los Alamos, N. M., are guests of the Edward Wodrich's and other friends this week in Sierra Madre.

LOCAL SERVICE MAN REPORTS TO DUTY AFTER HOMELEAVE FROM JAPAN

Sgt. Norman H. Green is leaving Friday to report at Treasure Island, San Francisco for assignment. He will be accompanied by his mother, Mrs. Naoma Green and brother, Buddy. The latter two will visit relatives in the northern city.

The R. G. Hutcheson family of San Gabriel Court are spending the next two months at Mission Beach.

Residents Request Street Name Change

Residents of the Burr Oak subdivision at the city's northwest edge this week petitioned the City Council to consider changing the name of Burr Oak Drive, to Edgeview Drive.

A. E. Morgan, Eugene Lunsford and others living in the area indicated that the name Burr Oak held no significance for them. No oaks of the indicated variety are growing in the area, they said, but the subdivision is on the edge of the city and does offer a view.

The council referred the request to the Planning Commission for consideration and study.

ADMINISTRATIVE COST OF LA POLIO GRATIFYING

For the satisfaction of Sierra Madreans who so generously supported the March of Dimes last year Mrs. Leo H. Meyer, chairman for the past two drives offers the following information:

The Los Angeles Chapter of the National Foundation for Infantile Paralysis is exceedingly proud of the fact that this extremely difficult job was accomplished with administrative expense totalling \$45,989.20, which represents an administrative cost of 3.39%.

Mrs. Meyer repeated that \$1788.59 of this amount was given in Sierra Madre through the Civic Club drive last January.

A Million Homes a Year

The Redwood and Douglas Fir areas of the West are now being re-stocked with young trees. Several million acres are now planted in tree farms, pledged to continuous growth, protection and scientific management of forest crops. In one season 16,000,000 seedlings were set out by hand.

This region of the West Coast can grow enough timber to build 1,000,000 homes every year.

Hammond looks forward to serving Southern California for unlimited years. Our policy of fair dealings, good grades and the best of service will give you the greatest worth for your money and bring you back again and again as a customer.

Canyon Pool Evening Hours Considered

Sierra Madre may enjoy evening swimming hours at the Canyon pool if the matter of finances can be worked out to the satisfaction of the council, the recreation commission and City Recreation Director John Oden.

It was proposed this week by Mr. Oden, in a letter to the council, that the city fathers authorize extra operating hours (6-8 PM) on Wednesday, Thursday and Friday evenings, "for a two week trial." The evening swimming idea met with favor from the four councilmen present, but Mr. Oden's proposed wage scale did not. His request that the life guard, attendant and he be paid the night-time differential common to industry met with immediate rejection. The project will be okayed, however, if a "straight-time" basis is mutually acceptable, the council decided.

Canyon Pool Was Popular Place Friday Night

The Canyon Pool was a popular place Friday evening for the plunge-burger party. Seventy-five guests were on hand for an event that may pave the way for evening activities at the pool.

Among the distinguished observer-guests were Mayor, William A. Kinney, Councilman Korschmeier and recreation commissioner Milton Goldberg and School Board president Howell N. White.

Miss Elsa Siefert was chairman of the city-sponsored evening.

NASHVILLE TRIP

Mrs. Edward Tate left recently with her two sons for Nashville, Tenn., to spend the summer with her parents, Mr. and Mrs. D. E. Jackson.

Greek Theatre Presents "Finian's Rainbow" with New York Original Cast

When Gene Mann's production of "Finian's Rainbow" begins its two-week playing schedule July 30 at the Greek Theatre in Griffith Park, the cast will shine with the original Broadway principals and nucleus from the New York dancing and singing ensemble.

Ella Logan and Albert Sharpe are the stars who recreate their Broadway roles for "Finian's Rainbow" at the Greek. Charles Davis, who also played the role of Og on Broadway and on tour, will also play his same whimsical role. Robert Pitkin and Eddie Bruce will be seen in their original New York parts as Senator Billboard Rawkins and Buzz Collins.

The whimsical and captivating tale of "Finian's Rainbow" concerns an Irishman and his daughter who have come to Rainbow Valley, an idyllic spot in southern United States. The Irishman, Finian, has brought with him a special pot of gold which he borrowed from the Leprechauns in far off Glocca Morra. The magical gold is to be buried in a magical plot of ground, so that Finian can test his theory that good luck and riches will follow. The plot

thickens when the leprechauns set out after him.

Direction for the Gene Mann production of "Finian's Rainbow" is by Tom Browne Henry. Orchestra is again conducted by Jaye Rubanoff, while settings for the large outdoor revolving stages are designed by Ernst Fegte.

Fourth in the Greek Theatre's summer series will be "Bittersweet" opening Aug. 13 with Anne Jeffreys in the starring role. Lawrence Brooks has the romantic male lead opposite Miss Jeffreys.

Boy Scout Troop Picnic at San Dimas

Boy Scout Troop 1 enjoyed a family picnic Sunday afternoon at San Dimas Park. A total of 34 attended and all really had a wonderful time. Games of horse shoe and basketball took up most of the time. The big basket dinner with hot coffee and cold drinks was a good preparation for the ball game between the boys and dads. The game ended in an 11 to 11 tie when some of the dads got tired enough to quit.

Room at Park House Ready For Groups

Good news comes from director John Oden of the recreation department this week. He makes announcement that an extra room at the City Park House is now available. The room has been used by the Well Baby Clinic only 6 hours a month. The equipment of the clinic will be stored when not in use giving an extra room for small groups, youth, civic and many small organizations may have the room for meetings.

S. M. V-Ettes Schedule Two Good Games

Mrs. Barbara Heasley, manager of the Sierra Madre V-Ettes Soft Ball team announces that next game scheduled for the V-Ettes will be at Azusa, Saturday evening, July 28. The game promises to be a good one inasmuch as the last time the Azusa Rockettes met out team it was a 1 to 0 game.

The game will be called at 8 o'clock, at the Legion Field, Azusa. The following Tuesday, the 31st the V-Ettes will play the Atkins Park Juniors at the Santa Anita County Park in Arcadia. The game will start at 8:15.

Legal Notices

Case No. 318 201
**NOTICE OF SALE OF
REAL PROPERTY
AT PRIVATE SALE**

In the Superior Court of the State of California.
In and for the County of Los Angeles.

In the Matter of the Estate of Marjorie Adams, Deceased.

Notice is hereby given that the undersigned as executor of the Last Will and Testament of Marjorie Adams, deceased, will sell at private sale to the highest and best bidder, subject to confirmation of said Superior Court, on or after the 6th day of August, 1951, at the office of the undersigned, 66 West Sierra Madre Boulevard, Sierra Madre, California, all the right, title and interest of said deceased at the time of death, and all the right, title and interest that the estate of said deceased has acquired by operation of law or otherwise, other than or in addition to that of said deceased at the time of death, in and to all the certain real property situated in the City of Sierra Madre, County of Los Angeles, State of California, particularly described as follows, to-wit:

That portion of Lot 2, Tract 1661 as per Map recorded in Book 22, Pages 186 and 187 of Maps in the office of the County Recorder of said County, described as follows:

Beginning at a point on the south line of said Lot 2, distant Westerly thereon 150 feet from the southeast corner of said lot, thence along the south line of said lot South 89°48'30" west 101 feet; thence parallel with the east line of said lot North 0°07'30" west 150.04 feet to the north line of said lot; thence easterly along said north line 101 feet more or less, to the west line of the east 150 feet of said lot; thence southerly along said west line of the east 150 feet to the point of beginning.

Terms of sale, cash in lawful money of the United States on confirmation of sale, or part cash and balance evidenced by note secured by mortgage or deed of trust on the property so sold. Ten per cent (10%) of amount bid to be deposited with bid. Bids or offers to be in writing and will be received at the aforesaid office at any time after the first publication hereof and before date of sale.

Dated this 17th day of July, 1951.

Nancy Holmes SUGGESTS

A cool, light luncheon—that's the kind the bridge gals will love on a midsummer day—one that's not overburdening yet packs in some nutritional fortitude to fight the heat. Nancy Holmes of the Best Foods consumer kitchens did a little sleight of hand with the mixing bowls and instead of pulling out a rabbit, she came up with a snowy igloo full of meat and vegetables. Make it in the cool minutes of early morning and enjoy it when the sun is at its worst.

Frosted Luncheon Salad
Frosted Shell:
1 package unflavored gelatin
1/2 cup cold water
3/4 cup milk
1 cup real mayonnaise

Filling:
1 12-oz. can luncheon meat, ground on 1 1/2 cups ground ham
3/4 cup diced pineapple
1/2 cup diced celery
1/2 green pepper, chopped
1 1/2 packages unflavored gelatin
1/2 cup cold water
1 1/2 cups hot water
2 beef bouillon cubes

Soften gelatin in cold water. Place over hot water until melted. Blend milk and mayonnaise and stir into gelatin. Rinse a 1 1/2 quart bowl in cold water. Pour a 1/4 inch layer of gelatin mixture in bowl and set on ice to thicken. When set, place a 1 quart bowl, the outside rimmed in cold water, on top of the gelatin in larger bowl; pour remaining gelatin mixture between bowls. Chill. When set, pour hot water in center bowl and lift bowl out gently. Meantime, combine meat, pineapple, celery and green pepper. Soak gelatin in cold water 5 minutes. Dissolve bouillon cubes in hot water, add to gelatin and stir until dissolved. Chill. When gelatin begins to thicken add meat mixture. Fill Frosted Shell and allow to set. Unmold on a bed of lettuce and garnish.

Health Office Takes Over Hazards to Children

The last of the childhood hazards of the man-made type which brought about the death of Kathy Fiscus, will soon be eliminated in the county, it was reported this week from the office of Dr. Roy O. Gilbert, County Health Officer.

The report was made to County Supervisor Herbert C. Legg, Health Chairman of the Board, through Stanley Martin, Director of the Bureau of Sanitation.

Kathy's tragic death in 1949 still haunts the minds of the men who are officially charged with preventing similar accidents from happening again.

There are 235 cases of reported dangers of this type in the Health Department files, it was stated, and of this number 218 have been marked "closed." The remaining 17 cases are being acted upon.

"The cooperation of the public in reporting these dangers, and the willingness of individual citizens and industrial property owners to correct every hazard reported has been remarkable," Martin stated. "Only two cases required court action."

Since Kathy's death, only one

fatal accident caused by abandoned walls, excavations, or similar dangers has occurred. That was last February, when a 9-year-old boy drowned in a water hole at Bellflower. His two companions were rescued.

More recently a 4-year-old girl fell into a caved-in cesspool but was rescued after quick thinking by her brother brought firemen to the scene. Uncapped and abandoned wells accounted for 103 of the violations. Abandoned pits, sumps, reservoirs, man-made ponds, oil wells, cesspools and excavations made up the bulk of the remaining hazards.

Editor's note: The campaign should include refrigerators standing out-of-doors, available to children. They should be wired shut or catch removed.

Macauleys Complete 500-Mile Colorado River Journey

Sierra Madre's famous traveling couple the Alan Macauleys of Mt. Wilson Trail are home this week having completed the 500 mile trip down the Colorado River from Grand Wash Cliffs to the gulch. No! They discovered the tricky river never reaches the Gulf of California as pictured on the maps.

The Macauleys who traveled in an open 17-foot boat, as far as known, are the first persons to make the continuous trip the full length of the river and stay on the river until it became not only too shallow for their boat, but disappeared in Mrs. Macauley's related that it was a great surprise to find the extensive development of

cotton raising in Arizona and Mexico, all developed by irrigation from the Colorado River. The sand about 60 miles below the border.

The Macauleys returned with 11,000 feet of film but will be returning to many locations to complete the filming from the river banks, all of their shots having been made from the boat.

Monrovia Owls in Pacific Coast Softball Series

Phoenix Ramblers move into Southern California for a three game Pacific Coast Women's Softball League series, with the Monrovia Owls, starting tomorrow, July 27th. Game time is 8:30 at Clifton Field, Monrovia.

The series is especially important to the Owls as a victory for the Owls would place them near the top of the league standings. Phoenix is in second spot while the Owls are right behind in third position. Last home meeting of the two strong teams resulted in a double victory for the Owls.

Second and third games in the road series will be next Tuesday and Thursday night. This will be the last appearance of Phoenix in Monrovia this year. A record turnout is expected.

Coach Dean Silcott has come a long way with the Owls following an almost collapse of the squad at the start of the league play. First sacker Doris Ray of the Owls and an Arcadian, leads the league in home runs with four.

When you bring a prescription to your Rexall druggist, you are rewarded with the friendliness of a man who is a neighbor in your community.

FROM OUR FILES

Twenty Years Ago

JULY 31, 1931.

DOWNTOWN CORNER TO BE BEAUTIFIED

City gets ground for good wide turn at important intersection. A rounded area of 25 feet on Southwest Central Ave. (Now Sierra Madre Blvd.), and Baldwin, site of the new drive-in-market will be presented to the city by R. S. Corlett, owner, immediately after actual work commences on the Central Ave. extension and paving project. A rockery will be built on the corner after the street is widened at that point. Shrubs and flowers will harmonize with the Spanish design of the market and create another beauty spot for Sierra Madre. Announcement is made that Roy H. Pickett has already leased the service station concession. A Los Angeles chain bakery has been negotiating for the bakery concession.

IN LEE SHIPPEY'S OBSERVATIONS—

Sierra Madre is fifty years old and is going to have a celebration. Los Angeles is a good town too, and also is preparing a fiesta. L. A. is 150 years old—but who wouldn't rather live 50 years in Sierra Madre than 150 in Los Angeles.

After nine months' travel in far off parts of the world, Dr. and Mrs. W. Jarvis Barlow returned to their home, 675 W. Highland, Friday. Mrs. Barlow remarked in an interview, "It seems as though there is not another spot in the world that we like so well."

COUNTY TO BUILD SIERRA MADRE BLVD. INTO PASADENA

A special meeting of the Sierra Madre City Council will be held tonight to initiate the much discussed and long delayed extension into Pasadena.

All of the property owners whose holdings are involved have agreed to deed the necessary land except Chas. S. Hastings owner of the big ranch adjoining the city on the west. Mr. Hastings has steadfastly opposed construction of the road for over 22 years.

Forty Years Ago

JULY 28, 1911.

WANTED—One first class police force for the City of Sierra Madre. Must be able-minded, able-bodied, and may be married or single. Salary at \$6 monthly to start, with prospect of increase within a few years if diligent in service. Must be resident of Sierra Madre.

(Editor's note: How to conduct a police force on the amount of \$72 yearly is the problem which has long bothered the city trustees. It became acute when George Ray resigned as marshal and street superintendent.)

Let us help you spread the Glad Tidings...

Our wedding invitations, announcements, reception cards lend the truly elegant touch, at a price you can afford. Strathmore paper, velvety raised letters, so smart, so correct, will add to your happiness and pride.

May we show you samples? No obligation, of course!

IT'S A GIFT! Virginia Courtney's comprehensive reference book covers every wedding detail. We have a free copy at our office waiting your call. Want you come in for it soon?

SIERRA MADRE NEWS
Custer 5-3324

This Week in Television

Comes to you through the sponsorship of these friendly merchants. If you like this TV log let them know that you saw their advertisement in the Sierra Madre News.

—EFFECTIVE JULY 26 THROUGH AUGUST 1—

Look... Hear... Now!

BY STUART and JANE HEINEMANN

Definite sentiment against the present system of rating local television shows by so-called "audience measurement devices" was very evident today in Los Angeles advertising circles.

A comparison of show ratings by four different research companies leaves the public in the dark as to which are the most popular programs—if such things matter.

To illustrate, Hooper placed KTLA wrestling in 3rd place while Videodex shunted it to 15th position. Telepulse thought Burns & Allen should be in 5th place, but Tele-Que gave it but 15th best.

Telepulse thought Harry Owens 4th best; Hooper put him in 14th place.

In that particular month, the four research outfits agreed on only one show—Hopalong Cassidy in first place. But now they even disagree on that.

The public is concerned with the rating problem more than it realizes. Sponsors are prone to buy or drop shows on the basis of ratings, and many a good program has been discarded because an advertiser happened to pick up the wrong research report.

All four research companies claim great "scientific selectivity" in their audience samplings. Tele-Que claims that by questioning less than 1000 TV families out of 1,000,000 set owners (less than 1-10 of 1 per cent) they can determine the audience of the various shows almost down to the last man, woman and child.

Advertising men know, however, that there is no scientific way of classifying people's tastes according to their profession, income, education or place of residence. Two lawyers, for instance, next door neighbors and both successful, may disagree violently on Ina Rae Hutton—while the rich stock broker in Beverly Hills and the laborer in Inglewood both may be just "crazy" about Charlie Chase comedies.

This oversight, it would seem, is the weakness of all surveys.

NEW ATTRACTIONS—

An educational program, "American Inventory," now on KTNB each Saturday at 6:00 PM, is surveying economical and social problems in the U. S. and outlining solutions. Such personages as Gladys Swarthout, Charles Kettering, Jackie Robinson, Robert Vogeler appear... "Go Lucky," a new comedy quiz featuring Jan Murray as emcee, now on KTNB, Sundays at 7:30 PM, replacing "This Is Show Business"... "I Want to Get Married," panel discussion of marital problems with contestants, on KTVU, Tuesday, 7:00 PM... "Hollywood Opening Night," a series of half-hour dramatic films made in Hollywood especially for TV, on KTNB, Friday, 10:30 PM... Johnny Downs has returned to KECA-TV as emcee on a new hour-long afternoon show, replacing "Mullholland's Matinee." The program is seen Monday thru Friday at 1:30 PM. Women's groups are invited as special guests.

When Arthur Godfrey takes an eight-week vacation from both radio and TV beginning July 30th, his show will be taken over by three familiar performers, Herb Shriner, Robert Q. Lewis and Frank Parker. Shriner takes over "Talent Scouts" Monday, 8:30 PM both KTNB and KNX. Robert Q. Lewis fills in on "Arthur Godfrey Time," KNX, Monday thru Friday at 2:30 PM and tenor Frank Parker emcees "Arthur Godfrey and His Friends" on KTNB, Wednesday, 8:00 P. M.

Ina Rae Hutton has several accomplishments other than attracting the B.H.R. (Bald Headed Row). For one thing, she's a licensed pilot and spends much of her spare time adding to her solo hours in the air.

RADIO ACTIVE—

Dorothy Lamour will pinch hit for Louella Parsons when the Hollywood gossip commentator takes her August vacation... Bob Crosby, head man of "Club 15" is back in Hollywood. Show returns to air August 27... Spade Cooley, top man in local TV, started a new hour-long radio program, "Spade Cooley Show," this Friday. Regular time will be 7:00 PM... Whodunit fans: NBC has a new mystery drama on Fridays at 6:00 PM. It's "Inspector Thorne"... "The Nation's Nightmare," CBS series on crime, can be heard Thursday, KNX, 8:30 PM. Factual series is noted by war correspondent Bill Downs... When NBC decided to seek an actress for its serious-minded "New Theatre" what Tallulah Bankhead is to its light-hearted "Big Show," it hastened to sign Eva Le Gallienne. Her role on the new Sunday show, 4:30 PM, is that of narrator, hostess, consultant and, on occasion, dramatic star.
